Do you remember when?

At the January 10, 2005, Regular Board Meeting, a major long range planning project was identified as expanding the 25-yard shooting range. A committee was appointed to draw up plans consisting of Gary Kruse as Chairman with Jack Killingsworth, Bob Williams and Jack Ostendorf rounding out the committee. At the February 5, 2005, Called Board Meeting it was agreed that the project would expand the 25-yard range approximately 160 feet that would include a total of five bays divided by gravel filled safety walls. Four shooting covers with benches were also recommended. At the April 10, 2005, Regular Board Meeting member votes were tallied and the 25-yard range expansion project was approved by a 267 to 34 vote.

OBIT FOR GEORGE KENNEDY
Long time club member

Borrowed from a family posting on George's social media page. George was an Oil Capital Rod & Gun Club member for many years.

George Kennedy passed away peacefully at his home on April 24, 2022. We will miss him tremendously but we know that it was his time. He had reached a point where he was physically unable to enjoy his many interests and hobbies and being bedridden was not a pleasant experience for him.

Besides being a husband to his childhood sweetheart and father to four children, George was a policeman through and through. He was an Air Force Air Policeman and was able to attend the Tulsa Police Academy while serving the Air Force. As a result he joined the Tulsa Police Department and was a patrol officer, ID Fingerprint expert, investigator, and Sergeant. He then became the Police Chief of Muskogee, Oklahoma, where he was also an Adjunct Instructor of Police Science at Connors State College. Later he was a Senior Agent and supervisor with the Oklahoma State Bureau of Investigation, eventually commanding the OSBI crime laboratory. He left the Bureau to become the Police Chief of Carbondale, Illinois, where he again also served as adjunct instructor of law enforcement at Logan College. He returned to Oklahoma and became the Chief of Security and a Criminal Justice Instructor at Tulsa Junior College. From the college he went into private security as the head of Security at the Black Fox Station nuclear power plant construction site. He returned to public law enforcement as the Durant, Oklahoma Police Chief. After that tenure he returned to the Tulsa area and was the director of the Criminal Justice program at Rogers State College in Claremore, Oklahoma where he retired and headed his own security and investigation school, the Center of Professional Studies.

In his spare time, he managed to earn a Bachelor of Science Degree in Police Science from the University of Tulsa and a Master of Science Degree in Criminal Justice Administration from Oklahoma City University. He also served in various National Guard and Army Reserve units until he became a Special Agent in U.S. Army Criminal Investigation Command in the Army Reserve. He retired from the military as a Chief Warrant Officer.

George had many hobbies which included anything old west and cowboy related. He very much enjoyed cowboy action shooting. Boy Scouting meant a lot to him. He was an avid collector of police memorabilia of all kinds and spent much time searching sales and flea markets to add to his collection. He became very active with the Irish American Club of Tulsa and very much liked Irish history, traditions, trivia, music, and memorabilia. He even served on the board of the club and as president. He very much appreciated his Irish Club friends

He had many friends from all of his endeavors and he valued each of those friendships tremendously. Nothing made him happier than meeting a friend from the past and "catching up". He always had time for a friend

George's family have planned a celebration of his life for his friends on Saturday, 05/14/2022 from 1200 to @ 1800 at his school, the Center of Professional Studies, 8141 E. 31st Street, Tulsa, Oklahoma. We would love to see you there if you are able to attend. Regardless, please keep George in your thoughts and prayers and know that your friendship was important to him.

BUILDING CLEANING CONSIDERATIONS

Our building cleaning contractor is striving to upgrade their performance. Yes, they do windows and dust/wipe surfaces as well as tend to cobwebs. We need to do our part to keep furniture from blocking these so they can do their job. Likewise we need to keep objects from the top of refrigerators as well as limiting clutter.

INDOOR AIR GUN

We have about 12 to 18 shooters each Thursday evening. The targets are NRA air gun-sized metal silhouettes made to be shot outdoors, at up to 45 yards. We shoot them indoors at 11 yards. Practice is from 4 PM until 6 PM. We shoot pistols first and then rifles, going home by 8 PM. Most people will let you try their air guns, so you can see what it's like to shoot a modern air gun.
