RIFLE/PISTOL RANGE AREA WALLS REPAIR

At dates TBD, repairs on the metal sidewalls on various 25 yd bays as well as Pistol Left/Right will commence. Repair method will be to plywood-clad the metal walls, securing plywood sheets with hot dip galvanized through bolts. Wall topcaps will be replaced with wider caps. Minimal pull down/gravel draining of existing walls will be required.

Work dates will be weather and volunteer availability dependent. Such repairs will be announced on First Shot as well as in special member emails. Necessarily some adjoining bays will be closed during work, for the safety of those doing the repairs. Due to the repair method, bay closure days will be few. Speaking of that, member volunteers will be needed to get the job done. There will be something to do for all, regardless of physical ability. Yes we will provide refreshments, including lunch, for the workers. If you wish to be notified of the parties, please email jack38@windstream.net.

OTHER REPAIRS

Water System Control Valve Replacement: The major water system shut-off valves to various areas of the clubsite have aged out/eroded. They no longer fully shut off water, which is necessary to effect certain plumbing work. At a date TBD, all club water will be off for about a day, during a M-F weekday, while a contractor digs up old valves and replaces with new high quality valves. Better to do this work on a scheduled outage basis than to get caught with a more costly and more inconvenient emergency situation.

Shotgun Area French Drain: The solid pipe portion of the French drain system in the ditch north of Skeet #5-6 has recently failed and will need repair. Dates to repair are TBD but will be weekdays. Closure of about half the shotgun sports area will be necessary during work days when the contractor is on site and working in the ditch area.

Such repairs will be announced on First Shot as well as in special member emails.

COWBOY ACTION SHOOTING

Tator Hill Regulators shoot two times (most months). 3rd Sunday, we shoot regular Cowboy SASS rules, lead bullets only. You'll need 2 revolvers a lever or pump action rifle in pistol caliber and a shotgun, SxS or pump.

In months where we have a 5th Sunday we shoot rimfire .22. Rifles must be lever or pump action. Pistols can be any semi auto or revolver. If shooting a semi auto bring 2—3 magazines and if your shooting a revolver bring 2 of 'em. Shotguns can be side by side, pump action or auto loader, 20,16 or 12 ga. Shells must be lead 7 1/2, 8 or 9 shot.

You won't need holsters for the rimfire shoots, all the guns can be staged or holster optional.

Restrictions: NO OPTICS—NO TACTICAL These matches are great for beginners or those who want to shoot friendly competition without any pressure. Our goal is to have fun and enjoy shooting with some really nice folks.
