SHOTGUN CENTRE

The contractor arrived on Feb 24th at 2:30. Layout of building perimeter completed, and 14 of the 25 column holes are drilled. The 5 person crew will hold a normal work schedule of 07:00 – 16:00.

I have made arrangements with the supervisor, Josh Holloway, that Fields #'s 1,2,6,7 will be available for our members during work hours. Providing however before shooting, advise Josh you are planning to shoot and where, and park well away from the job site, and away from the materials staged around the parking lot.

Under NO CIRCUMSTANCE are you to shoot on Fields #'s 2,3,4. Should we not be able to follow these requests, our other option will be to close ALL shotgun fields. And, YES after hours all fields will be available.

Thanks

Larry Bahler

Oil Capital Rod & Gun Club

5-Stand Campaign Progress

To kick off this campaign, an email dated March 12, 2025, was sent to 145 Oil Capital members who, on the member survey included with your 2025 dues notice, responded that Shotgun would be a first or second choice when recreational shooting at the club.

Although 145 represents only 17% of the club membership, I was confident that with the previous success of Jerome's 5-Stand events we'd sell out this campaign quickly.

Interestingly, only 20 members responded positively to that note with a contribution to the effort. In addition, you've probably seen our posting in the Target and on the website. To-date we have received a total of \$7,634 from 59 donors of record. That's 31.8% of goal. Gifts have ranged from \$5 to \$1000. Thank you, thank you, thank you!

In addition to the receipts above, a club member has completed fabrication of 5 shooting station frames.

This past fall we hosted two fundraiser "Fun Shoots" at the Wobble Trap venue. Unfortunately, only two Shotgunners shot the course of fire.

So, by this note, I am again, requesting your consideration to support this campaign. At the moment, Atlas is holding the \$\$ quoted 15 months ago.

If you are willing to participate, may I request you do so by April 1st.

Since I'm extremely stubborn, I would hate not accomplish the vision of a 5-Stand venue for Oil Capital. With that, I have applied for a personal line of credit, so wherever the campaign stands on April 2nd the balance will be covered, no strings attached, and the traps will be ordered.

Yes, we WILL have a 5-Stand venue, and hopefully, we'll be shooting by mid May.

Thanks,

Larry Bahler

Steak, anyone?

After several unsuccessful seasons trying to capture a goose at McCormick lake, Oil Capital's own "3-Amigos", **Dave Beller**, **Bob Williams**, and **Bred Cheffey**, the guys you often see fixing things around the club, ventured west to Jet, OK to try their luck with the migratory Sandhill Crane.

**Chairman's
Corner**
by: Larry Bahler

After months of deliberation, research, and countless interviews with Oklahoma Wildlife Department Rangers, they finally set out for the hunt. They picked the coldest day of December to sit in the blind waiting for the birds to come get a drink out of the frozen pond just yards away from the end of their guns.

Birds ain't stupid ... they don't like to land on ice. So, our brave hunters made their guide go out and break the ice. Soon a few birds came within range and each of the three was able to harvest a Crane.

Also known as "Ribeye in the Sky", Sandhill Crane meat is a gourmet delicacy because it tastes and feels like beef ribeye steak. Maybe next season we'll all get to enjoy the prize of the hunt at a future Club dinner meeting.

What on earth is "STRAP" ...

Oil Capital once again hosted the World "STRAP" Championship, Jan. 1, 2026. Sixteen guns from just about everywhere came together to prove who is the "absolute best". And the weather could not have been more perfect.

Chris Johnson
2026 World Champion

Here at Oil Capital, four fields are facilitated for both Skeet and Trap. "STRAP" combines a bit of both games, throwing fast targets, with wobble presentations from the Trap house. Participants shoot from Skeet stations 1 thru 7. Beginning at station 1, the participant shoots till the target is broken. Once you shoot 25 shots, a box of shotshells, you are out of the game.

The match was won when **Chris Johnson** broke his 19th target.

After being congratulated by his fans, Chris was immediately challenged by previous winners to compete for the coveted "**Champions of Champions**".

Back out on the field Chris was joined by 4 pervious champions for the show-down. Changing skies added a bit of difficulty in seeing the targets as the match progressed. After 16 targets **Billy Pierce** was declared the winner.

Help wanted ... Desperately !!

After over 15 years of continued service, our $2\frac{1}{2}$ paid member volunteers of the Building & Grounds team have officially retired. They have provided countless hours, both paid and

unpaid, to assure our club members have a facility that we all can be proud of.

So now we're asking the remaining $822\frac{1}{2}$ members to step up and help continue to address the ongoing facility needs of our million-dollar investment.

First, we need an individual who would be willing to chair this effort. Besides a willingness to pound a nail or two, we'd ask the person serving in this role to coordinate and schedule the team's ongoing and occasional projects. And when the task requires additional resources, to represent the club with the contracted service.

Currently, the club is paying \$18.50 per hour to member volunteers. Our budget provides, a team of two (for safety) to be scheduled 8 hours, $2\frac{1}{2}$ days per month.

If we could build a team of six to eight volunteers a commitment to only one day per month would suffice. And who knows, the gang might have some fun.

The club has long-term contracts for: Trash Service, Mowing, and Building Cleaning, so other than occasional inspection, these items are generally on auto-pilot.

An example of recent tasks include ...

- Rebuilding and installing target backers for the single projectile ranges.
- Painting ... Changing light bulbs ... Build a new gadget.
- General grounds clean-up after annual 100 year Oklahoma storms.
- Spreading gravel ... Some simple plumbing ... Fenceline maintenance.
- Fixing broken benches ... General cleanup of clutter.

B.O.D.

Regretfully. Oklahoma lost a long time skeet friend today. Earnest Dorsey passed away this morning. He never fully recovered from a severe car accident which occurred a few months ago. Known for being plain-spoken, Earnie was a good friend to many, a good gunsmith & a true sportsman.

Our prayers go out to Martha and his family.

Oil Capital's monthly dinner meetings will resume **April 20** under the leadership of our new volunteer "executive chef", club member, [Patricia Ridge Bradley](#).

Come by the main club house on Thursday nites and you'll find Pat and the Air-Gunners right on target shooting the steel animal silhouettes. Her experience in the kitchen cooking for small to medium groups for her church and other organizations will make her a great fit at Oil Capital.

But here's the deal gang, she can't do it all by herself !! She'll need the help of some willing volunteers, not only with food prep, but also to set the dining room, and the fun part afterward ... the clean-up. Who knows, it might even be FUN.

BUILDING CLEANING CONSIDERATIONS

Our building cleaning contractor is striving to upgrade their performance. Yes, they do windows and dust/wipe surfaces as well as tend to cobwebs. We need to do our part to keep furniture from blocking these so they can do their job. Likewise we need to keep objects from the top of refrigerators as well as limiting clutter.

COMPETITIVE EVENTS AT OIL CAPITAL

INDOOR AIR GUN

We have about 12 to 18 shooters each Thursday evening. The targets are NRA air gun-sized metal silhouettes made to be shot outdoors, at up to 45 yards. We shoot them indoors at 11 yards. Practice is from 4 PM until 6 PM. We shoot pistols first and then rifles, going home by 8 PM. Most people will let you try their air guns, so you can see what it's like to shoot a modern air gun.

bobkelleyairgun@cox.net

COWBOY ACTION SHOOTING

Tator Hill Regulators shoot two times (most months). 3rd Sunday, we shoot regular Cowboy SASS rules, lead bullets only. You'll need 2 revolvers a lever or pump action rifle in pistol caliber and a shotgun, SxS or pump.

In months where we have a 5th Sunday we shoot rimfire .22. Rifles must be lever or pump action. Pistols can be any semi auto or revolver. If shooting a semi auto bring 2—3 magazines and if your shooting a revolver bring 2 of 'em. Shotguns can be side by side, pump action or auto loader, 20,16 or 12 ga. Shells must be lead 7 1/2, 8 or 9 shot.

You won't need holsters for the rimfire shoots, all the guns can be staged or holster optional.

Restrictions: NO OPTICS—NO TACTICAL These matches are great for beginners or those who want to shoot friendly competition without any pressure. Our goal is to have fun and enjoy shooting with some really nice folks.
