OIL CAPITAL DINNER MEETING

The Dinner Meeting at Oil Capital occurs monthly on the 3rd Monday, at 7 PM in the Main Clubhouse. Come out for fine fare, fellowship and catch up on latest goings on at Oil Capital. Menu is announced in the email sent to those on the dinner list. Get on that BCC email list by sending your name and email to the dinner chair at jack38@windstream.net. Dinner is \$10; exact change appreciated.

We have a voluntary RSVP program for each dinner. If you think you are coming to a given dinner, respond to the dinner chair by email only with your name (and number in your party) by no later than the Sunday at 4 PM prior to the dinner. That timely 24 hr. minimum response puts you in the First Call to join the serving line. Those not on the First Call list automatically go to the Second Call list to join the line, who may not receive a full plate or the same menu items. They will be called just a few minutes later. Those that bring a desert are much appreciated; not required but certainly enjoyed by all!

NEW GATE POLICY FOR EVENTS

EFFECTIVE DATE OF POLICY IMPLEMENTATION APRIL 01

At the Monday Mar 10 the Board approved the following: *that an event gate code would be required for all events at all single-projectile and clubhouse events. The front gate is no longer allowed to be left open during an event and it will be the responsibility of the event chairman to obtain the event gate code and communicate the code to their participants. A sign on the gate with the event chairman's phone number may be posted at the gate as a means for participants to call and gain the event code while at the gate. As the shotgun area has a manual gate (305 Gate), it will be required that should this gate be left open, the "Y Gate" must be closed and locked with a lock that can be opened using a door code.*

Going forward after policy implementation, the 101st St gate may not be locked open for these events. The current hold open device for the 101st gate will be removed. Additionally the Y gate must be locked, using a provided combo padlock on a keeper chain, with the current building door code, anytime the 305th gate is open

The code format will always be #XXXX, with "#" always being the first number. The same code may be used to exit that event, if the participant does not drive at a speed proper to operate the "free out" gate feature. New codes will be required for each event, as previous code will be removed from the system.

BoD.

Help us bring **5-Stand** back to Oil Capital

Chairman's Corner
by Larry Bahler

Veteran Sporting Clays shooter, Jerome Holden, owner of the trap machines, hosted the 5-Stand activities at the club since 2010 until Covid and Jerome's declining health forced him to step away from the sports he loved. In those 10 active years our financial records reveal that over 610,000 targets were thrown.

We are seeking donor/sponsors to raise **\$24,000** to launch the first phase of an all-new 5-Stand venue located east of field six, with eight Atlas AT200 Commercial Traps and LongRange wireless control.

The venue would be available for casual shooters utilizing the hand-held transmitter.

Weekly or monthly organized activities might be scheduled should interest support.

Est. Cost \$/round:
\$6.00 Member
\$8.00 Guest

The first phase will fund the eight machines, carts, magazine covers, wireless control, shooting stands, batteries, solar panels, some gravel, and signage. Should interest prove out, phase 2 will provide a permanent concrete pad and canopy at the shooting stations.

Yes, this is indeed a fund-raising effort, however our window is limited. Our goal is to reach the needed \$24,000 by May 15. If the campaign is successful, we should be shooting in approximately 30 days.

Should we not reach this goal by the stated date, we will reevaluate the project and your donation will be refunded in full.

Please identify your gift as "5-Stand" and remit to:

Oil Capital R&G Club
PO Box 140487
Broken Arrow, OK 74014

Or you may drop by the Club and place in any of the deposit boxes in the Main Club house, the R&P Building, or the Trap Palace

Remember, Oil Capital is a 501c7 organization and your donation is NOT tax deductible.

Thanks for your support,
Larry Bahler, Chair BoD

RANGE RULES FOR OIL CAPITAL ROD & GUN CLUB, INC

Revised by Board Nov 14 2022

GENERAL RANGE RULES

1. Ranges are for the use by members and escorted guests ONLY. Members are responsible for the actions and close control of family and guests.
2. No uncased guns may be touched or handled under the range cover, or in any up-range location, while anyone is down range.
3. No person shall walk forward of the firing line to shoot unless all persons present on an individual range agree to allow this.
4. No cross shooting. Your bench must be in line with your target. Shoot only proper targets attached to the club's target holders. Bullets shall not hit the wooden target supports or target numbers. Bullets must impact the BERM below the horizontal midline, but ABOVE the toe of the BERM. Do not shoot glass, tin cans or trash.
5. Coming to or from the firing line, guns are to be unloaded and completely clear of ammunition. Unless shooters on the line are firing, guns must be racked, or cased, or the action open (i.e.; unloaded, magazine out) or as ordered by the Range Master during a sanctioned event.
6. Before going down range, call for a cease-fire, and verify this with every other shooter at the firing line. During a cease fire, guns will be fully unloaded, actions open, and magazines removed from firearms.
7. No full auto fire. The use of devices/means to produce simulated full auto fire is not permitted. Tracer, explosive, or incendiary ammunition or targets are prohibited.
8. When more than one member is on the range, those present appoint a Range Officer to give "commence fire" and "cease fire" commands. All members are always responsible for safe facility use and must take immediate action to stop an unsafe situation.
9. No alcohol is permitted on the firing line. No one impaired by alcohol, drugs or medications is permitted to use the ranges.
10. Always control your muzzle. Point your muzzle at the impact berm during loading, unloading, or when making adjustments or repairs.
11. Proper containers are required for powder, primers, and the like. Smoking under the range cover is not permitted in the presence of black powder or other flammables.
12. Unsafe use of guns is never permitted. Members must correct any observed unsafe situation and must report damage/unsafe conditions to the appropriate chairman (see list of officers and chairmen inside the front cover of any Target.)
13. Clean up after yourself. Put all "Dud" ammunition and used targets in the trash can.
14. Use of properly fitting eye and ear protection is required for all persons on the firing line, beyond the signed points. Eye protection to be worn when going downrange even if range is under ceasefire. (Board 11/2014)
15. Shooting hours: 30 minutes before official sunrise to 30 minutes after sundown. Shooting is also permitted until 10pm under adequate artificial lighting.
16. Event chairman controls the range during club-sanctioned events. The Chairman will try to accommodate casual members' use of ranges during events when possible.
17. Report any form of vandalism or destruction of club owned property immediately to the board of directors. (see list of officers and chairmen inside the front cover of any current Target.)
18. Steel targets must be of factory grade quality and must be reactive (i.e. move or fall when hit.) Steel targets that are excessively pitted or cupped may not be used. During casual practice, shooter must be at least 10 yards away from the nearest steel. Spectators must be at least 15 yards away from the nearest steel.

19. Steel targets during practice are to be set within 1 yard of club target frames, except on Pistol Left & Right. Shooters and bystanders are at risk of being hit by lead fragments and bounce back when shooting metal targets. Do so at your own risk!
20. Any firearm loaded with birdshot may not be fired at the club's whiteboard target holders at any time. Slugs or buckshot (size 0 or larger) may be fired at whiteboard target holders.

SPECIFIC RANGE RULES FOR THE 100/200 YARD RIFLE RANGE

(General range rules also apply)

1. ***Use of the Red/Green Warning Light System is required at all times the range is in use, regardless of the number of users.*** Red lights mean cease-fire, no touching/handling of uncased firearms. Firearms already cased may be moved to or from the range cover area. Green lights mean it's OK to handle firearms and shoot. System switches located at Range Center Bench #18/19 and at exterior Bench #1.
2. Targets must be posted only on the club's target holders at 25, 50, 100 yards and 200 yards. Special club-provided target holders may be posted during special events. For casual member use, the club may provide special target holders to be used at specific distances.
3. No pistol or revolver with a barrel length less than 4" may be used on this range.
4. Shooters on the range must ensure that everyone is back from downrange before the Warning Light System status is changed and the "Commence fire" command is given.
5. Target numbers **MUST NOT** be used as targets.

ALL WEATHER SHOOTING BUILDING BENCH ROOM RULES

(General range rules also apply)

100/200YARD RANGE RULES APPLY

1. Room lights in bench room must be *ON* while room is in use. Please turn off lights when you leave.
2. Red/Green warning light system ***MUST*** be used. System switches located at Range Center Benches #18/19 and at exterior Bench #1. No handling of uncased firearms during red light conditions.
3. Target Carriers are visible from the AWSB for 25, 50, 100 and 200 yards. Shoot **ONLY** from benches that are in line downrange with the yardages available for that bench.
4. West range access gate is for facility maintenance use only. General range access is through opening between bench #35 and east side berm.
5. Gun muzzle must project *OUTSIDE* building **BEFORE FIRING**.
6. No smoking inside the bench room at any time.
7. Lead pots and *ANY* flame sources are not allowed in bench room.
8. Muzzleloaders: Beware of overhead lights, use caution when loading. Use only official targets and range distances.
9. Clean and sweep up after yourself. **PLEASE TURN OFF HVAC UNIT AND CLOSE THE WINDOWS AND DOORS, IF YOU ARE THE LAST ONE TO LEAVE.**

SPECIFIC RULES FOR PISTOL RANGES RIGHT & LEFT

(General range rules also apply)

1. Target stands and other equipment MAY NOT be removed from the pistol range. Target stands are to be used with wooden lath only.
2. All steel targets shall be placed within 20 yards maximum of the north berm

Do not shoot the fabricated sidewall or match props marked "NO TARGET". Steel targets must be set to avoid impact of splatter or impacts on walls.

3. All metal targets must be reactive (i.e.; they must move or fall when hit) and must be positioned at right angles to the line of fire. Shooter and bystanders are at risk of being hit by lead fragments and bounce back when shooting metal swinging targets. Do so at your own risk!
4. All rounds must be directed into the north berm.
5. Keep muzzle pointed at the north berm while loading, unloading, adjusting, or repairing guns.
6. Shoot from up range of the 40-yard line ONLY when the other half of the range is not occupied. No high power rifle fire is permitted from any distance, when the other half of the range is OCCUPIED.
7. Never shoot from beneath the Pistol Range Pavilion Structure, including the covered porch.

----- **SPECIFIC RULES**

FOR THE 50-YARD RANGE General range

rules apply

SPECIFIC RULES FOR THE 25-YARD RANGES

(General range rules also apply)

1. Do not shoot the sidewall or allow bullets passing through targets to impact the sidewall. Steel targets must be set to avoid impact of splatter on sidewalls.
2. On 25 Yard Bays, steel targets shall be placed within 1 yard of club-provided targets. Shooter and bystanders are at risk of being hit by lead fragments and bounce back when shooting metal swinging targets. Do so at your own risk!

SKEET AND TRAP FIELD RULES

(General range rules that are not metallic cartridge specific also apply)

1. Nothing larger in diameter than # 7 steel may be used on the skeet and trap fields.
2. Action of gun is to remain open while at the facility, except when it is your turn to shoot.
3. Gun MUST NOT be loaded until you are on a shooting pad.
4. Load no more than 2 shells at skeet stations 1 through 7 or trap doubles. Load no more than 1 shell at skeet station 8 or trap singles.
5. No hulls are to be PICKED UP off the ground during a skeet or trap round.
6. Do not walk in FRONT of the low house or trap house bird door window while the release mechanism is in the hands of the puller or while machines are running.
7. No one, other than authorized members, may adjust machines.
8. Turn off power to trap machines and release the bird throwing arm when shutting down the field before leaving the area. Secure all doors before leaving.
9. Members can use a manual target thrower with any clay targets, including fallout field picked up targets. Targets to be thrown toward Club fallout area. If new club targets used they will be paid for at the current rate for club target rounds. (Oct 2019)

SPECIFIC PROCEDURE TO ALLOW FIRING FROM NON-STANDARD POSITIONS ON THE TRAP AND SKEET FIELDS

1. This procedure is in effect even if only one shooter is present.
2. A colored line will be stretched from the Southwest corner of the low skeet house forming a perimeter around the non-standard positions and attached to the Southeast corner of the high house. All firing positions must be within the perimeter of the tape. This procedure may also be used to encompass two adjoining fields.
3. If skeet fields 5 and 6 are being used simultaneously for firing from non-standard positions, a tape must attach to the Southwest corner of low house 5, forming a perimeter around the non-standard positions and attach to the Northeast corner of the trap bldg. Another tape must be attached to the Northwest corner of the trap bldg., forming a perimeter around the non-standard positions and attach to the Southeast corner of high house 6. All firing positions must be within the perimeter of the tape.

5-STAND RULES

(General range rules that are not metallic cartridge specific also apply)

As of this edition, the 5-Stand Field is under an agreement with a third-party provider. Use of this field is restricted to events conducted under the direct supervision of the provider. The field or equipment is NOT AVAILABLE for casual shooting.

SHOTGUN PATTERNING BOARD

1. Birdshot of any size permitted. No buckshot or slugs.
2. Warning: BEWARE OF RICOCHET! Shoot at your own risk.
3. Eye and ear protection is required down range of the instructional sign.
4. Lead shot only at steel plate.
5. Lead or non-toxic shot at welded wire board.

ARCHERY RULES

1. Shoot only at 3-D targets or target butts using field points or target points. No broadheads are to be shot at any club-provided target system.
2. No carbon arrows with outserts are allowed (these damage the targets when removed).
3. No crossbows are to be shot at target butts (the arrows are so short that they become buried in the target and the target is torn apart to remove them).
4. No firearms are allowed on the archery ranges at any time.
5. Remember safety is everyone's business. Never shoot when someone is down range. Always use common sense and courtesy when using the ranges.

LAKES AND MARSH RULES

- 1.** The lake and marsh are private property. Use is restricted to Oil Capital Rod & Gun Club members and accompanied guests.
- 2.** Drive and park only on gravel surfaces; physically challenged are exempt from this rule. Absolutely no vehicles are allowed on the pond dam.
- 3.** NO SWIMMING.
- 4.** To preserve scenic beauty, handrails and fences are not provided so use caution. Trashcans are not provided, so carry out everything that is brought into the area.
- 5.** Do not approach or fish near any wildlife nesting area (i.e.; the islands) stay at least 20 yards away.
- 6.** Do not introduce any fish, wildlife, or plants. Do not transplant fish among OCR&GC lakes and marshes.
- 7.** No unattended boats or fishing devices. Boats must be carried from the established parking area. No motors allowed.
- 8.** Feed only the fish.

BUILDING CLEANING CONSIDERATIONS

Our building cleaning contractor is striving to upgrade their performance. Yes, they do windows and dust/wipe surfaces as well as tend to cobwebs. We need to do our part to keep furniture from blocking these so they can do their job. Likewise we need to keep objects from the top of refrigerators as well as limiting clutter.

The 2nd Amendment

A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms, shall not be infringed.

POLICY CONCERNING MEMBER OWNED MEMBERSHIP SALES

The club issued gate proximity card belongs to the club and must be returned upon the sale or transfer of your membership. The board of directors revised the policy on transfer fees to include the replacement of non-returned gate proximity cards.

The transfer fee on regular membership transfers either sold by the club or by the member will increase to \$140 if the proximity gate card is not returned to Membership Clearinghouse along with the current year membership card. If the proximity gate and membership card is returned the transfer fee will remain at the current \$100.

Board of Directors

Volunteers Needed

The Club can always use extra help on projects. If you have special skills or equipment that would be helpful, let us know what you can provide and what skills you have. We operate on mostly volunteer labor and we mostly never turn down extra or needed help. Contact memberservices and you will be added to the list of persons to call. memberservices@ocrgc.com

You May Be Missing Something

Do you like to hunt ducks? What about your son or nephew? A bag limit of highest flyers can't give you more enjoyment than a youngster's first shoot—and there's a Winchester shotgun to assure his complete enjoyment.

No other shotgun on earth can give you more accuracy, all-round efficiency and safety than a Winchester Model 12 Heavy Duck Gun. It lends the world in design, mechanical operation and balance... If you prefer a "double" gun for either field or wildfowl shooting, Winchester's great American-made Model 21 will give you everything you're looking for. Inquire about these Winchester guns at your dealer's. For folders ask Desk 15-F Winchester Repeating Arms Co., New Haven, Conn., Division of Olin Industries, Inc.

Among experienced hunters, the preference is for Winchester Super Speed shotshells... the loads with new Super-Seal Cup Wad and Super-Seal Crimp. With no top-lead interference, you get a short shot string—dense killing pattern—no "conifers".

Insist on Winchester shotshells in the colorful, new Winchester carton with its big red **W**.

Do you remember when?

1968 began with Glenn Goins being voted in as the new Club Caretaker and he moved his trailer onto the property. A plan was formulated to dismantle the old skeet houses, build new ones, and expand the skeet range. The Archery range was to be moved and the rifle and skeet ranges were to be expanded. The rifle ranges would be built for competition shooting up to 200 yards with 80' to 100' of covered firing positions. The Archery range was to have 2 fields. One would have 20 stationary targets and be family oriented. The second would be for experienced shooters and have 3 running deer targets, 3 moving rabbit targets, a swinging turkey target and 15 stationary targets. The skeet ranges were to be expanded. The plans were carried out except for the expansion of the skeet fields which were voted down on November 5, 1968. The rifle range project was completed and in October the first competition on the rifle range netted \$80. Two hundred bass and 200 perch were stocked in the lake and work continued on the lake dam. Several trips were taken in the bus including a fishing trip to Flatrock, a couple's fishing trip to Quachita, and the TU vs. Arkansas game at Fayetteville. Despite a fresh coat of paint and re-treaded tires, the bus blew an axle in Fayetteville leaving attendees stranded until other members could retrieve them. It is interesting to note that in August of 1968, the club began selling the right to place a name plaque on a shooting bench for \$15. The practice still goes on today, however, the price has gone up. Also, the Club set shooting hours of 6am to 10 pm in July 1968 due to complaints to the Oklahoma Highway Patrol after one late night event. There were Bingo parties, dances, fish fries and a wild game dinner. A youth fishing party on July 4th brought 46 children and was coupled with a weekend campout. The April Easter egg hunt brought 150 children. The Scouts used the ranges twice during the year and the Club held a Hunter Safety Course with the NRA that had 100 participants with 80 certificates awarded. It is interesting to note that yearly dues were raised to \$12. Besides the usual activities the Club held a frog hunt at Claremore Lake in July with 20 participants taking 60 frogs. A rabbit hunt was held in December and the year ended with a Christmas Party and New Year's Eve dance.

COMPETITIVE EVENTS AT OIL CAPITAL

PRACTICAL DEFENSIVE RIFLE

We invite you to attend the monthly Practical Defensive Rifle Match at Oil Capitol Rod & Gun Club. Match fee is \$10 members and \$15 guests; cash or check only. The match is held the last Saturday of every month, year 'round. Sign-in commences at 0930 in the Pistol Pavilion Building. Safety meeting at 1000. Please see Rules PDF on Events tab web page. If you want on the BCC notification list, please send an email to jack38@windstream.net.

The Defensive Practical Rifle Match is a shooting sport that uses practical rifles/carbines and equipment suitable for real world use, including full charge service ammunition, to solve simulated real world self-defense scenarios. While primarily a rifle/carbine event, pistols also sometimes used in a stage with them. Gun transitions are designed to be within the competitor's individual capabilities.

We shoot the scheduled match unless it is cancelled by conditions extreme enough to be unsafe. Activity participants will be updated by email.

Pre-registration is done on Practiscore; see "how to" at website events tab page. If you don't do well with Practiscore, come on to the match regardless. Scoring on the bays is via electronic tablets.

Jack Ostendorf

INDOOR AIR GUN

We have about 12 to 18 shooters each Thursday evening. The targets are NRA air gun-sized metal silhouettes made to be shot outdoors, at up to 45 yards. We shoot them indoors at 11 yards. Practice is from 4 PM until 6 PM. We shoot pistols first and then rifles, going home by 8 PM. Most people will let you try their air guns, so you can see what it's like to shoot a modern air gun.

COWBOY ACTION SHOOTING

Tator Hill Regulators shoot two times (most months). 3rd Sunday, we shoot regular Cowboy SASS rules, lead bullets only. You'll need 2 revolvers a lever or pump action rifle in pistol caliber and a shotgun, SxS or pump.

In months where we have a 5th Sunday we shoot rimfire .22. Rifles must be lever or pump action. Pistols can be any semi auto or revolver. If shooting a semi auto bring 2—3 magazines and if your shooting a revolver bring 2 of 'em. Shotguns can be side by side, pump action or auto loader, 20,16 or 12 ga. Shells must be lead 7 1/2, 8 or 9 shot.

You won't need holsters for the rimfire shoots, all the guns can be staged or holster optional.

Restrictions: NO OPTICS—NO TACTICAL These matches are great for beginners or those who want to shoot friendly competition without any pressure. Our goal is to have fun and enjoy shooting with some really nice folks.
