Do you remember when?

In the early 1980s, the Adolph Coors Company made a national effort to bring Schuetzen single-shot rifle competition back to the forefront. For six years they held competitions at their range in Golden, Colorado, attracting shooters from all over the United States and even from Europe. In 1988, Coors expanded "Schuetzenfest" to include regional matches throughout the United States. Oil Capital Rod and Gun Club was chosen to represent the Southern Region. From June 3rd through the 5th in 1988, shooters at Oil Capital competed in off-hand iron sight matches, off-hand scoped shooting, bench-rest iron sight and bench rest shooting. It was a great success and the Club earned \$1,400 from the matches. It is interesting to note that in the same year, the National Rifle Association named Oil Capital as "the most improved club." A truly great year for Oil Capital!

POLICY CONCERNING MEMBER OWNED MEMBERSHIP SALES

The club issued gate proximity card belongs to the club and must be returned upon the sale or transfer of your membership. The board of directors revised the policy on transfer fees to include the replacement of non-returned gate proximity cards.

The transfer fee on regular membership transfers either sold by the club or by the member will increase to \$140 if the proximity gate card is not returned to Membership Clearing-house along with the current year membership card. If the proximity gate and membership card is returned the transfer fee will remain at the current \$100.

BUILDING CLEANING CONSIDERATIONS

Our building cleaning contractor is striving to upgrade their performance. Yes, they do windows and dust/wipe surfaces as well as tend to cobwebs. We need to do our part to keep furniture from blocking these so they can do their job. Likewise we need to keep objects from the top of refrigerators as well as limiting clutter.

M1 GARAND: THIS IS MY RIFLE

Finally, a dry spell, and we were able to get a bucket truck in fo service the overhead lights on Trap 2.

Club member Neil Roberts, owner of **Addco Electric** is shown reinstalling the fixtures and ballasts after testing out "OK".

After chasing those "volts" all over the place, and others replacing a suspected switch, it was finally determined that we were only getting 110v to the 220v instruments.

The culprit: A broken wire on the east side of the Trap Palace where the conduit has separated resulting in one leg of the 220 being severed.

Dateline:
24 June 2022

Not having a conduit stretcher on the truck, a new section of pipe will be installed in the next week or so, with new wire.

INDOOR AIR GUN

We have about 12 to 18 shooters each Thursday evening. The targets are NRA air gun-sized metal silhouettes made to be shot outdoors, at up to 45 yards. We shoot them indoors at 11 yards. Practice is from 4 PM until 6 PM. We shoot pistols first and then rifles, going home by 8 PM. Most people will let you try their air guns, so you can see what it's like to shoot a modern air gun.

COWBOY ACTION SHOOTING

Tator Hill Regulators shoot two times (most months). 3rd Sunday, we shoot regular Cowboy SASS rules, lead bullets only. You'll need 2 revolvers a lever or pump action rifle in pistol caliber and a shotgun, SxS or pump.

In months where we have a 5th Sunday we shoot rimfire .22. Rifles must be lever or pump action. Pistols can be any semi auto or revolver. If shooting a semi auto bring 2—3 magazines and if your shooting a revolver bring 2 of 'em. Shotguns can be side by side, pump action or auto loader, 20,16 or 12 ga. Shells must be lead 7 1/2, 8 or 9 shot.

You won't need holsters for the rimfire shoots, all the guns can be staged or holster optional.

Restrictions: NO OPTICS—NO TACTICAL These matches are great for beginners or those who want to shoot friendly competition without any pressure. Our goal is to have fun and enjoy shooting with some really nice folks.
