Do you remember when?

At the January 2, 1986, Regular Business Meeting presided over by President R. Hanes, a goal for 1986 was the erection of a "feasible, modest clubhouse" on the Club's new grounds in Coweta. A Building Committee was formed for this endeavor and bids were solicited. During the October 27, 1986, Executive Committee Meeting, bids for the Main Clubhouse were reviewed from Davco Construction, Place Construction Company, C.B.C.I., and Area Builders. On October 28, 1986, Duncan Fuller presented a proposal for a concrete "tilt-up" structure for Clubhouse construction. At a November 11, 1986, Special Executive Committee Meeting, the Committee unanimously passed a motion made by Phil Hart and seconded by Corky Corkville to accept the bid of C.B.C.I. to erect the Main Clubhouse for a cost of \$68,161. By February 1987, ground had broken for Clubhouse construction under President Rick Erickson. Although ground was broken in February, it took until March to pour the slab as the ground was so muddy that the contractor split \$1,500 in gravel cost to firm up the site. By June 1987, Rick Erickson, Bill Lewis and Bland Pittman laid out plans for the Club parking lot as construction was well under way. By July 1987, belongings were being moved into the building and by August 1987, the Club and parking lot were complete, bermuda grass and trees had been planted and members were holding meetings in the building. The first dinner meeting in the new Clubhouse consisted of hamburgers and beans.

Congratulations to the Winners of the Fireworks Display Fundaiser Raffle

Thank you to all who participated in the raffle and to those who generously donated. Without your support we couldn't continue this annual tradition. For the past several years the fireworks display has been 100% paid for by the members through donations, raffles, and food sales. This year was no different.

The transfer fee on regular membership transfers either sold by the club or by the member will increase to \$140 if the proximity gate card is not returned to Membership Clearing-house along with the current year membership card. If the proximity gate and membership card is returned the transfer fee will remain at the current \$100.

BUILDING CLEANING CONSIDERATIONS

Our building cleaning contractor is striving to upgrade their performance. Yes, they do windows and dust/wipe surfaces as well as tend to cobwebs. We need to do our part to keep furniture from blocking these so they can do their job. Likewise we need to keep objects from the top of refrigerators as well as limiting clutter.

Tator Hill Regulators shoot two times (most months). 3rd Sunday, we shoot regular Cowboy SASS rules, lead bullets only. You'll need 2 revolvers a lever or pump action rifle in pistol caliber and a shotgun, SxS or pump.

In months where we have a 5th Sunday we shoot rimfire .22. Rifles must be lever or pump action. Pistols can be any semi auto or revolver. If shooting a semi auto bring 2—3 magazines and if your shooting a revolver bring 2 of 'em. Shotguns can be side by side, pump action or auto loader, 20,16 or 12 ga. Shells must be lead 7 1/2, 8 or 9 shot.

You won't need holsters for the rimfire shoots, all the guns can be staged or holster optional.

Restrictions: NO OPTICS—NO TACTICAL These matches are great for beginners or those who want to shoot friendly competition without any pressure. Our goal is to have fun and enjoy shooting with some really nice folks.
